

Desmos Mastery - Cumulative Test

29 bank questions | Suggested time: 45 minutes

This is a linked test booklet. Each question button opens the complete bank item, including its passage, equation, or diagram. The questions themselves are not reproduced inside this PDF. Record your responses below; use the bank's explanation after finishing.

Selection filter: SAT; medium and hard; Exclude active questions enabled when these items were selected on October 3, 2026. This filter protects practice-test questions. The website can change its classifications; recheck the exclusion filter before making any new selections.

Take the test

Open the numbered links in order. Do not open solutions while testing. Afterward, mark correct, incorrect, and guessed responses, and return to the matching lesson for errors. The time is a study target, not an official SAT module limit.

Skill map & review

Use this map only after the test. It identifies the topic for each item; it is not an answer key. The live bank provides the official response and explanation.

Check the requested quantity; verify all equations and constraints; distinguish repeated roots from distinct solutions; preserve rational domains; check numerical fits algebraically.

No.	Question ID	Skill
1	4ea6e87	Linear equations in one variable
2	3e1edd7	Linear functions
